

# CISCO CERTIFIED ENTRY NETWORKING TECHNICIAN

## Acronym/Nickname

CCENT

## Certification Body

CISCO

## Description

The Cisco CCENT (Cisco Certified Entry Networking Technician) certification validates the skills required for entry-level network support positions, the starting point for many successful careers in networking. Candidates should have the knowledge and skill to install, operate and troubleshoot a small enterprise branch network, including basic network security. CCENT certification is the first step toward achieving CCNA, which covers medium size enterprise branch networks with more complex connections.

## Certification Level

Entry

## Covered competencies

Upon successful completion of any of the Academy courses, students receive a Certificate of Course Completion stating the competencies gained through the curriculum. The certificate will include the student's name and the name of their educational institution. This is a reminder of a student's success, as well as an excellent addition to a resume.
