

CISCO EXPRESS FOUNDATION DESIGN SPECIALIST

Acronym/Nickname		Certification Body CISCO	
Description		Certification Level Specialist	
<p>Designed exclusively for Channel Partners, the Cisco Express Foundation Design Specialist develops network planning and design skills for customers that would typically be required of a pre-sales or system engineer. The Design Specialist demonstrates fundamental understanding of the IP networks, routing and switching concepts, and the basic steps required to incorporate wireless and security technologies in the IP Network. The Cisco Express Foundation Design Specialist can effectively assess customer needs, as well as design and sell converged network solutions. This includes application of Cisco-verified best practices for these tasks and use of the various job aids and tools provided to facilitate successful network design and future growth potential.</p>		<p>Covered competencies</p> <p>By earning specialist certifications, network professionals can enhance their core networking knowledge in technologies such as security, IP Communications, and wireless.</p>	
		<p>Requirements</p> <p>Exam No.</p> <p>642-372 CXFS 642-961 CDCNID</p>	
Target		Career Path	
<p>experienced technical professionals, and those who have earned associate or professional-level Cisco Career Certifications.</p>		<p>Various tracks—such as Routing and Switching, Network Security, and Service Provider—are available, so that you can match your certification path to your job role or industry.</p>
