

CISCO RICH MEDIA COMMUNICATIONS SPECIALIST

Acronym/Nickname

Certification Body
CISCO

Description

The Cisco Rich Media Communications Specialist certification validates an IT professional's ability to successfully design, implement, and support integrated voice, video, and web collaboration in a converged network.

Certification Level Specialist

Covered competencies

Applying rich media communications enables organizations to realize the cost savings and application potential of converged networks. Indeed, in today's business environment companies that do not explore rich media communications risk becoming less competitive.

Rich media communications promise to set apart those firms that take advantage of the technology and its implementation from those that do not.
