| Acronym/Nickname | | Certification Body IBM | |
| Description Lotus highly recommends using a variety of resources to prepare for certification exams. In all cases, you must start with the exam guide to determine which tasks will be covered on the exams. Equally as important, actual hands-on experience is required. From there, we recommend that you choose from the following preparation options. During your preparation, it is important that you review the exam guide periodically to make sure that all of the material in the exam guide is covered in your choice of preparation methods. It should be noted that there is not a one-to-one correspondence between these preparation methods and the exam. | | Certification Level Covered competencies Through this offering, students will become familiar with and gain experience in using IBM Workplace Designer to develop and deploy components for use in an IBM Workplace Collaboration Services template or application. This self-paced e-learning program provides practice through interactive simulations. Requirements Exam 623: Notes Domino 6/6.5: Configuring Domino Web Servers | |
