

# IBM Certified System Administrator - IBM Workplace Team Collaboration 2.5

<b>Acronym/Nickname</b>		<b>Certification Body</b> IBM	
<b>Description</b>		<b>Certification Level</b>	
<p>Lotus highly recommends using a variety of resources to prepare for certification exams. In all cases, you must start with the exam guide to determine which tasks will be covered on the exams. Equally as important, actual hands-on experience is required. From there, we recommend that you choose from the following preparation options.</p> <p>During your preparation, it is important that you review the exam guide periodically to make sure that all of the material in the exam guide is covered in your choice of preparation methods. It should be noted that there is not a one-to-one correspondence between these preparation methods and the exam.</p>		<p><b>Covered competencies</b></p> <p>This course helps you become familiar with and gain experience in administering the Team Collaboration product of IBM Workplace Collaboration Services 2.5.</p> <p>After completing this course, you should be able to:</p> <ul style="list-style-type: none"> <li>• Describe the Team Collaboration architecture</li> <li>• Describe Team Collaboration components</li> <li>• Configure the SIP services</li> <li>• Configure the SIP container</li> <li>• Configure SIP cell-wide services</li> <li>• Provide mail notification support if IBM Workplace Messaging is not installed</li> <li>• Edit SMTP and email settings to allow document links from document libraries</li> <li>• Create and assign Web Conference policy</li> <li>• Create and assign user policies for Web Conferences and Instant Messaging</li> <li>• Create a Team Space application from a template</li> </ul> <p><b>Requirements</b></p> <p>Exam 823: Implementing and Administering IBM Workplace Collaboration Services 2.5: Team Collaboration</p>
