

# International Computer Driving License

## Acronym/Nickname

ICDL

## Certification Body

CICT

## Description

The International Computer Driving License (ICDL) is the world's leading internationally recognized ICT skills certification that enables individuals to demonstrate their competence in basic computer skills, suitable for all ages from every work discipline. It is endorsed by various global organizations such as the United Nations' UNDP & UNESCO and the European Commission, and is supported by many international and national agencies and companies. It operates independently of all personal computer software vendors; therefore, it is not vendor-specific.
