

Acronym/Nickname		Certification Body Oracle	
Description Siebel Certified Business Analysts have reviewed case-study materials from hundreds of Siebel Applications implementations and have completed comprehensive hands-on labs. They have the proven skills and experience to gather and evaluate unique customer business requirements, apply business process best practices and benchmarks, and successfully plan an implementation.		Certification Level Covered competencies Siebel Certified Consultants possess a core understanding—derived from both formal course-based training and hands-on lab experience—of Siebel eBusiness Applications, including installation, data manipulation, server administration, application configuration, business process automation, and support for mobile clients. With an average of three to five years of implementation experience, certified consultants can address all aspects of the application life cycle to help customers react more rapidly to changing market conditions and better manage risks. Requirements <ol style="list-style-type: none"> 1. Must complete the Siebel 7.7 Core Consultant Training Course OR complete the Siebel 7.7 Essentials and Implementation Case Study Trainings 2. Must pass the Siebel Consultant Core exam (this exam retires January 31,2007) 3. Submit the Hands On Course Requirement form
