

Acronym/Nickname

PgMP

Certification Body

Project Management Institute

Description

PMI's Program Management Professional (PgMP) credentialing service offers PMI's first credential designed to demonstrate project and program management skills. To be eligible for the PgMP credential, you must meet specific guidelines that objectively measure experience, education and professional knowledge, and undergo a rigorous application process as well as three assessments. You also must agree to adhere to the PMI Code of Ethics and Professional Conduct. The CAPM or PMP credential are not prerequisites for the PgMP credential

Certification Level Professional

Covered competencies

Requirements

Candidates must:

1. **Have a Bachelor's Degree** (or a global equivalent): Over the last 15 consecutive years, applicants must have at least four years of project management experience and four years of program management experience.
OR
Without a Bachelor's Degree (or a global equivalent): Over the last 15 consecutive years, applicants must have at least four years of project management experience and seven years of program management experience.
2. Complete an online application or download an application and submit via mail (faxes not accepted).
3. Complete a comprehensive application process that includes a review of education by PMI staff and a review of professional work experience by a panel of program managers.
4. Pass a four-hour exam
5. Pass a Multi-rater Assessment (MRA) in which you select a team of colleagues and peers to evaluate your performance as a program manager via a web-based survey.
