

Acronym/Nickname
PMP

Certification Body
Project Management Institute

Description

Individuals who hold PMI's PMP credential demonstrate a proficient level of project management leadership skills, and as a result are able to command salaries that exceed those of their non-credentialed counterparts. To be eligible for a PMP credential, you must meet specific guidelines that objectively measure experience, education and professional knowledge. You must also agree to adhere to the PMI Code of Ethics and Professional Conduct and pass a rigorous multiple choice examination that assesses your abilities in project management.

Certification Level Professional

Covered competencies

Requirements

Candidates must:

1. **Have a Bachelor's Degree** (or a global equivalent): Over the last 15 consecutive years, applicants must have at least four years of project management experience and four years of program management experience.
OR
Without a Bachelor's Degree (or a global equivalent): Over the last 15 consecutive years, applicants must have at least four years of project management experience and seven years of program management experience.
2. Applicants must have 35 hours of specific project management education.
3. Complete an online application or download an application and submit via mail (faxes not accepted).
4. Complete a comprehensive application process that includes a review of education by PMI staff and a review of professional work experience by a panel of program managers.
5. Pass a four-hour exam
6. Pass a Multi-rater Assessment (MRA) in which you select a team of colleagues and peers to evaluate your performance as a program manager via a web-based survey.
